Greetings Bonnie – Thank you for sending these pictures of the suspect drum. From the second picture with the motor carriers Pro number (Conway) we have been able to identify this material as a single drum shipment from our plant to one of our customers in Maryland. I will send an MSDS of this item (Water base Black Dispersion – DK007-018) in another e-mail. I have nearly completed the list of questions as requested and will send you a draft today as well. I will mail the same to yourself and the attorney within a day or so. Please let me know if I can provide any further information to help with your quest.

Many Thanks - Scotty

Scott,

I have identified that the lot number and the Conway tracking number are linked to a shipment to Rustoleum in Maryland.

Please see the attachment dated 3/3/2014.

Thank you.

Shelley

Hi Scott, I totally apologize for the delay in getting back to you. Please consider this email as documentation of the approval of a 30 day extension. You now have until March 17, 2014 to submit your response. Also attached is the field screening (hazcat sheet) and the pictures of the non hazardous drum

that was found on the Site with your company label. If you have any further questions feel free to contact me and again I am truly sorry about the delay.

Thanks,

Dear Ms Hriczko – Thank you for the time you afforded me on the telephone this afternoon. pursuant to that conversation, please consider this my formal request for a 30 day extension for submitting the requested information. Our owner, Mr. James Wang will arrive in South Carolina the week of February 17<sup>th</sup> to have his signature notarized. Please also forward via return email a photograph of the container in question with our label affixed.

Take Care – Scotty
